

What Kind of Co-op Do You Want to Create?

- Many types of HS co-op, spectrum
 - School-like → Unschooling
 - Someone teaching and kids learning subjects (school-like) → Following kids' interests and kids make the decision what to learn
 - Hired educator deciding what kids learn → Parents deciding what kids learn → Kids deciding what they want to learn
- Many options for your set-up
 - Parents share planning/teaching/facilitating the group/purchasing a curriculum
 - Kids become involved in the planning/Parents support
 - Older kids plan/Parents support
 - An outside party/teacher/tutor involved PAID
 - “Educator” hired by parents to teach, sharing a tutor
 - Educator plans and teaches/facilitates
 - Parents plan or choose a curriculum/educator teaches
 - Educator organises everything and families attend
 - Parents stay/ kids dropped off?
- Is this a business ?
- If so, how much involvement will parents have? In planning/facilitating
- Who's in charge? Who makes these decisions? Is it you? A group of people?
- What are the roles/responsibilities of each parent/adult involved?

- What are everyone's needs and priorities? You can be as fully involved as you like or parents may have a need for time and space so that they can work.
- Make sure everyone is on the same page around understanding all of the above.
- Have all of your set-up/responsibilities etc. recorded somewhere for ease of access by all members.
